

The background of the advertisement is a close-up, low-angle shot of a white Stryker Endoscopic Video Organizer. The device features a prominent, curved, perforated metal grille on its top surface. The Stryker logo is printed in a large, stylized, grey font on the side of the unit. Below the main title, the text 'Endoscopic Video Organizers' is visible. The overall aesthetic is clean and professional, emphasizing the medical technology.

# Device Management Made Easy

Endoscopic Video Organizers

# Endoscopic Video Organizers

Critical tasks abound in the OR. Managing your video equipment shouldn't be one of them.

To help you focus on what's truly important in the surgical setting, Stryker offers a wide variety of Video Organizers that protect and manage your video equipment while you focus on the more important tasks at hand. Robust to protect your valuable investment, yet lightweight to facilitate evolving operating-room configurations, Stryker Video Organizers deliver the options you need to simplify video management in the OR.

## Standard Video Cart

The Standard Video Cart features a compact design for working in limited space, yet offers ample shelf space for all endoscopic configurations. Plus, the Standard cart comes with high-end caster wheels for easy movement.

### 240-099-011K

Kit includes:

- » CO<sup>2</sup> tank bracket
- » Flat panel mounting arm
- » One drawer
- » Four shelves

## Flat Panel Roll Stand

Designed specifically for a secondary monitor, the Flat Panel Roll Stand features a telescoping arm that adjusts to over six feet and a small, weighted base that reduces footprint and prevents against tipping.

### 240-099-110K

Kit includes:

- » Pole
- » Base
- » Power cord
- » Mounting plate
- » Roll-stand handle

## Multi-Specialty Cart

The Multi-Specialty Cart reduces the need for multiple carts in the OR. With a larger frame and wider shelves than typical carts, it can accommodate more endoscopic equipment and allow video devices to sit side by side.

### 240-099-020K

Kit includes:

- » CO<sup>2</sup> tank bracket
- » Flat panel mounting arm
- » One drawer
- » Three shelves
- » One pull-out shelf

## Auxiliary Cart

Ideal for storage, the Auxiliary Cart can be used for a secondary monitor. It features the same footprint as the Standard Video Cart, yet offers an open front and back for easy access.

### 240-099-001K

Kit includes:

- » CO<sup>2</sup> tank bracket
- » Flat panel mounting arm
- » Four shelves
